

CMA, Inc. 10 Year Product Warranty

CMA warrants all of its interior and exterior products for a period of 10 years provided the product is properly painted according to the manufactures specifications. In the event that a defect is found due to the fault of CMA's manufacturing process, the customer must notify CMA in writing within the warranty period. Upon receipt of warranty notification CMA will fix or replace the defective product within 60 days. Warranty does not include labor, transportation or any other expenses of any kind incurred in connection with the use or installation of the product.

This warranty does not cover damage resulting from mishandling in transit, acts of God, customer alterations, vandalism, misuse or other causes not arising from defects in workmanship of materials.

Painting Requirement for CMA Products

CMA requires that all of its polyurethane exterior products be primed and painted with a quality paint product by Sherwin Williams, Glidden, Duron, or any other brand name product. CMA will further warranty its products to coincide with the paint manufacturers warranty provided that CMA's exterior product is properly coated with the above referenced products.
